21 [KM-4 \(knowledge management\): distributed knowledge management: Towards smarter documents](#)

Vikas Krishna, Prasad M. Deshpande, Savitha Srinivasan

 November 2004 **Proceedings of the thirteenth ACM international conference on Information and knowledge management CIKM '04**

Publisher: ACM Press

 Full text available: pdf(224.70 KB) Additional Information: [full citation](#), [abstract](#), [references](#), [index terms](#)

Document analysis research typically focuses on document image understanding or classic problems in text classification, clustering, summarization and discovery. While that is an important aspect of document management, in practice, documents lifecycles are often determined by the context of the business process that they are relevant to. It therefore becomes necessary for the document analysis techniques to recognize and leverage the contextual information provided by a supporting schema and ...
